## Instructions:

1. Stamp sentiment using Pacific Point ink, in lower left corner of Basic White cardstock.
2. Stamp leaves in Granny Apple Green ink. Then, stamp blueberries in Pacific Point ink.
3. Color in the blueberries with the Wink of Stella Glitter Brush—pulling in the color.
4. Assemble your card as shown. The small panel is attached to the card base using Stampin' Dimensionals. The rest of the card is adhered using Stampin' Seal.
5. Add three of the gems, using Mini Glue Dots. Add glue dots to your card, then use your Take Your Pick tool to pick up the gems—makes it easy to handle and place them just where you want them!
