Measurements:

- Card Stock 1: Thick Basic White- 8 ½" x 5 ½"
- Card Stock 2: Balmy Blue- 5 ¼" x 4
- Card Stock 3: Basic White- 4" x 3" for "ice" + scrap for penguin and sentiment
- Card Stock 4: Pumpkin Pie- scrap for feet
- Penguin Playmates Designer Series Paper- 5" x 3 ¾"

Instructions:

1. Score the Thick Basic White card base on the long side at 4 ¼" and fold.
2. Adhere the Balmy Blue layer to the card front with Stampin' SEAL.
3. Die-cut the larger Diorama opening in the designer paper layer and adhere to the card front.
4. Die-cut a smaller diorama layer in Basic White to make an "ice" block. Then stamp the snowflake image on the ice with Balmy Blue ink. Before you attach the "ice" add a small piece of ribbon to the card and adhere using Stampin' SEAL. Then, attach the "ice" to the card front using Stampin' Dimensionals.

5. Stamp a penguin on Basic White scrap using Memento Black ink. Then, punch him out with the Penguin Builder Punch. Stamp his beak using Pumpkin Pie ink.
6. Punch two feet with the Pumpkin Pie scrap paper and add them to your penguin using Mini Stampin' Dimensionals.
7. Add the penguin to your "ice" block using Stampin' SEAL and one Stampin' Dimensional under his head that is hanging off the ice.
8. Stamp the sentiment on scrap Basic White cardstock and trim to 2 $\frac{3}{4}$ " x 3/8". Add to the card front with a little Stampin' SEAL or Multipurpose Liquid Glue.
9. To finish the card, add some Subtle Shimmer Sequins using Multipurpose Liquid Glue. I usually sprinkle some sequins on the card where I want them then add glue where they land then tap off any extras.
