Instructions:

1. Score Gray Granite Cardstock at 4-1/4" and fold in half, set aside
2. Use Stampin' Blends to color one of the flower images on the Designer Series Paper. The stippling on the paper images will add shading so you can color with just one of the shades (light or dark) if you don't want to do your own shading!
3. Adhere this piece of DSP onto the Moody Mauve Cardstock and then onto the front of the base card.
4. Stamp the sentiment in Moody Mauve ink onto the strip of Basic White Cardstock, then adhere to the Moody Mauve Cardstock.
5. Coil approximately 8" of Silver Trim (or desired length), adhere behind sentiment and then attach to card front with Stampin' Dimensionals.
