## Measurements:

- Tahitian Tide: 5- $\frac{1}{2}$ " x 8- $\frac{1}{2}$ "
- Basic White: 5" x 4"
- Poppy Parade: 3- $\frac{1}{2}$ " x  $\frac{1}{2}$ "
- Woven Ribbon: Two pieces- 4- $\frac{1}{2}$ " and 15"

## Instructions:

1. Score the Tahitian Tide cardstock in half at 4- $\frac{1}{4}$ ", then on each outside 5- $\frac{1}{2}$ " edge of the folded "card", mark at 2- $\frac{3}{4}$ ". Use the trimmer to **score** from each end of center score line out to the 2- $\frac{3}{4}$ " mark on both sides of the "card". Fold all score lines to the center. (**See Figure 1**)
2. Measure and mark along one long side of white cardstock at 2- $\frac{1}{2}$ ", then cut from both opposite corners to that center mark, creating a triangle.
3. Using black ink, stamp the "Holy Guacamole" sentiment at the top of the large white triangle, with the burrito and candy/confetti image underneath it, leaving a white area across the bottom, and a taco on one of the corners you cut off. Stamp faces on taco and burrito.
4. Color the taco and burrito with Stampin' Blends Markers. Fussy cut the taco.
5. Adhere white triangle inside one of the large triangle sections of the Tahitian Tide card. Attach taco with Dimensionals.
6. Punch both ends of the Poppy Parade strip with Banners Pick-a-Punch. Stamp "Spec-taco-lar" sentiment in black.

7. Pull apart the filaments in the 4-½" piece of metallic ribbon and adhere to back of Poppy banner. Attach banner with Dimensionals to bottom of white triangle.
8. Fold all the triangle sides in toward the inside of the "card", then use a hole punch to punch through both "sides" at the top and tie box closed with longer ribbon.
